## **At the hospital and dentist**

**PART 6 Production:**  
**Situation**

# Situations

Imagine you do not feel well or have a toothache, so you go to see a dentist. Or you have a headache, so you need to visit a doctor.

## Instructions:

1. Write a short conversation between you and a doctor or a dentist.
2. Include at least 7-8 lines.
3. Make sure to include:
  - The health problem that you have.
  - How long the symptoms have lasted.
  - The advice from the doctor or dentist.

# A sample conversation

E.g.

**Doctor** : Good morning. What seems to be the problem today?

**Patient** : Good morning, doctor. I've been having a fever and a sore throat for two days.

**Doctor** : I see. Let me check your temperature and throat. (pauses) You have a mild fever, and your throat doesn't look so serious.

**Patient** : Can I get recover soon?

**Doctor** : Sure. I'll give you some medicine to reduce the fever and relieve the pain.

**Patient** : Thank you, doctor. Do I need to take a day off from school?

**Doctor** : Yes, you should rest for at least one or two days. You also need to drink a lot of

water and get enough sleep.

**Patient** : I will. Thank you very much, doctor.

**Doctor** : You're welcome. Get well soon!
